Passion for learning
Hello,

Thank you for considering our schools as a possible destination for an English language course. At BELS everything we do, is rooted in a passion for teaching English - the same passion that started with our founder, my father. Really, it just started with a few simple ideas: provide excellent teaching, an environment that allows comfort and quality to flourish and living this dedication through the small things we do. The phone calls at midnight, replying to every single email before going home, buying a coffee for the homesick student or knowing each and every student’s name are those small things that make our schools so special.

Our students are more than just a face in the crowd. We are small for a reason, the reason being our commitment towards teaching English where quality is valued over quantity.

My team and I run our schools with energy and commitment to quality, because we believe in our product and are passionate about what we do. We love to meet new people every week and learn about how they are experiencing our products. We always try to learn how to better refine our offering in order to ensure we continue to exceed our clients’ expectations. We take pride in our boutique size.

Not many know this, but I am one of a handful of school owners that actually started as a language teacher. Today, I am Cambridge DELTA qualified and I enjoy developing our academic offering with our academic team. As a mother, I also took great care when planning our Junior leisure programme, so that we could strike the right balance to ensure our young clients enjoy themselves while allowing peace of mind to their parents.

So now, let me take you on a journey of the Maltese Islands and what my schools have to offer. I hope that by the end of it, we will convince you to hop on a plane and come and see us.

As my sales team and I always say, seeing is believing. Our schools are truly unique, and we are sure that a language course with BELS will be a memorable one for all the right reasons.

Enjoy,

General English
Adult Group Courses in Gozo & Malta

Standard Group

General English Standard
(20 lessons/max. 12 students)
This programme focuses on giving the learner balanced practice in both systems and skills using general topics. The course concentrates on all the four skills: Speaking, Listening, Reading, and Writing with a special emphasis on fluency.

General English Intensive
(30 lessons/max. 12 students)
In addition to the General English Standard group lessons, learners attend afternoon fluency sessions. This programme focuses on giving the learner practice in developing speaking fluency. The teacher prepares a topic-based lesson and sets various speaking tasks.

Mini Group

General English Mini
(20-30 lessons/max. 6 students)
The limited number of students in class and the additional lessons provide the opportunity for more individual attention and focus on the English systems and skills as well as increased teacher-student contact time. This course offers specific advantages, such as more tailored teacher guidance, instant feedback and attention.

Individual Programmes

Our individual programmes are devised according to the results of an individual needs assessment, whereby we summaries learners’ prior learning experiences and challenges and provide them with detailed feedback on how to achieve their individual learning goals. Such learning goals may vary and would typically range from General English to English for Specific Purposes (business, exam preparation or preparation for academic study). Our dedicated team of teachers provide each and every learner with a unique tailor-made set of academic resources and teaching tools which help learners to develop their potential and overcome challenges.

Individual Programmes

Business English Individual programmes are catered to learners with industry-specific learning objectives, especially when learners are on a very tight schedule. A tailored approach is utilised in order to maximise learning outcomes and successfully provide learners with the specific content and skills they require.
Passion for learning

Long-Term Programmes
(20-30 lessons/Standard)

By following a long-term programme, learners are able to build their language skills in an immersive content-rich environment experienced in the classroom and throughout day-to-day tasks and leisure activities.

IELTS Exam Preparation Course
(10 afternoon lessons/Mini)

Our IELTS exam preparation course is designed for those students who wish to start an undergraduate or a postgraduate university programme or simply have an internationally recognised certificate of learning achievement. We equip learners with a wide range of practical skills to ensure each and every student achieves their study goals.

Tailor made closed group courses

Assessment & Progress of Learning

We conduct a per-arrival online level test to ensure correct student placement. Progress is monitored throughout weekly test.

Such assessment scenarios are set in a student-friendly classroom atmosphere as part of our regular classroom routines. This ensures that students are able to showcase their best achievements through day-to-day language practice and production, while providing the academic team with the opportunity to set and prioritise the learning objectives for the following sequence of lessons.

Summative assessment and student counselling

When students are ready to move up to the next CEFR level, they are required to sit for the change of level test. Our academic management team guides each student throughout the process by discussing individual learning goals during a face-to-face meeting. The aim of such meetings is to evaluate individual learning progress achieved since the initial course commencement stage and guide students further. This process is an extremely valuable experience used to help students to identify their strengths and weaknesses as well as to set learning objectives in order to develop their language systems and skills.

Malta...
in the quieter part of the busy island, in a town with a vibrant nightlife. The school’s a stone’s throw away from the seaside.
Why Malta?

✓ A wide variety of cultural & historical sites, bustling cities & quaint villages to visit.
✓ An effervescent calendar of cultural events to attend, such as the Malta Arts Festival, the Valletta Baroque Festival, the Opera Festival, the Choir Festival and the International Jazz Festival held in July.
✓ Our school is on the main island, however not in the busy central part. Thus allowing clients the relaxing aura of being based by the sea, yet close enough to visit Sliema, St. Julian’s, Mdina and Valletta.
Malta was the best choice for me. I love the sea, I needed the sun & the warm weather. The teaching methodology at BELS Malta was up-to-date and lively. I loved it as I’m a teacher!™
